

## Paragon SC2 Kiln

Warm Glass UK - [www.warm-glass.co.uk](http://www.warm-glass.co.uk) - tel:01934 863344

### Description

This unbeatable value, low-cost controllable kiln has proved itself as the best all round beginners kiln on the market.

A good looking design with a simple programmer, the SC2 kiln by Paragon is the best choice if you are looking for a versatile kiln which is suitable for everything from Silver Clay and Enamelling to Glass and Bead Annealing.

With a new format for the elements, the only drawback to this kiln is that you will probably want something bigger before long.

Certified CE Compliant

## Programmer

The simple Sentry Express 4.0 has four independent programmes each with 8 segments as well as five 'speed' programmes where you simply set the top temperature and hold time, providing controllable results at low cost.
